## 1. Legislation

In terms of Chapter 1 – paragraph 6(4) of the Councils Supply Chain Management Policy: “The Accounting Officer must within 10 days of the end of each quarter, submit a report on the implementation of this policy to the Executive Mayor.” Paragraph 6(5) further states that: “The aforesaid reports must be made public in accordance with section 21A of the Municipal Systems Act.”

## 2. Month’s occurrence

The SCM Unit is currently under tremendous constraint due to one staff member doing all the orders for the Municipality. Currently we have moved Kirwan Klaase to assist with the orders. We are using a student to assist with the asset verification, which is being remunerated from the Westcoast College.

With all legislation that keeps on being imposed on the SM unit, we will have to develop a new SCM structure with segregation of duties.

## 3. Statistical information

### 1. Demand Management

The SCM Unit, with the support of the Chief Financial Officer has submitted a list to all Directorates that requires timely planning and management processes to ensure that all goods and services which are required are quantified, budgeted, and delivered in a timely manner at critical delivery dates, so that the budget can be dealt with as per the cash flow statements.

This Demand Management Plan will be used as a strategic tool to implement the budget. The Demand Management Plan will assist the SCM Unit and user departments with the planning of the execution and timely completion of projects in alignment with the performance targets in the Service Delivery and Budget Implementation Plan.

The new Procurement plan was distributed to all departments, and they needed to submit their specifications early as indicated in the procurement plan. Each Department will report on their own procurement dates and processes monthly and at the end of each quarter the Finance Department will report overall on all departments.

## 2. FINANCIAL SERVICES PROCUREMENT

Actual spending for the month ending June 2025 is as follows:

### STORE PROJECT

Concerns on the procurement plan: -

- Some departments postponed specification dates
- Tenders came in that exceeded the budget (In some cases double the available budget)
- Evaluation reports do take too long at various departments.
- During the budget process the departments cannot start with a procurement process until the budget is approved – due to the fact that some projects are removed, or funding is shifted to other projects.
- The procurement plan dates are not met as indicated by Departments.

### 3. Bids / Formal written quotations awarded.

All Bids and formal **written quotations awarded** are published on the Bergrivier website.

The following formal quotations are reported for June 2025.

Attached as Annexure “A”

#### 4. Acquisition Management

The system of acquisition management must ensure the following:

That goods and services are procured in accordance with authorized processes only.

That expenditure on goods and services is incurred in terms of an approved budget in terms of section 15 of the Municipal Finance Management Act (Act 56 of 2003)

That the threshold values for different procurement processes are complied with.

That any Treasury guidelines on acquisition management are considered.

There are the following matters to report on from June 2025.

## 5. Section 32 Appointments

There were no section 32 appointments.

## 6. Section 33 Contracts

The bid documentation, evaluation and adjudication criteria and general conditions of a contract must be in accordance with applicable legislation. There is still an application pending – Weskus District water concession.

## 7. Awards to close family members of persons in the service of the state

In terms of the Municipal Supply Chain Regulation, Paragraph 45, awards given to close family members or persons in the service of the state, above R 2,000.00 should be disclosed in the notes to Annual Financial Statements.

#### 4. Monthly report on deviation and minor breaches

*The Municipal Supply Chain Management Regulations – Gazette 27636 Of 30 May 2005, states in Section 36 “*

- 1) A supply chain management policy may allow the accounting officer-*
  - a) To dispense with the official procurement process established by the policy and to procure any required goods or services through any convenient process, which may include direct negotiations, but only-*
    - i. In an emergency*
    - ii. If such goods or services are produced or available from a single provider only.*
    - iii. For the acquisition of special works of art or historical objects where specifications are difficult to compile.*
    - iv. acquisition of animals for zoos; or*
    - v. in any other exceptional case where it is impractical or impossible to follow the official procurement process; and*
  - (b) To ratify minor breaches of the procurement process by an official or committee acting in terms of delegated powers or duties which are purely of technical nature. There are no minor breaches to report for the month of February 2025.*
- 2) The accounting officer must record the reasons for any deviations in terms of sub regulation (1) (a) and (b) and report them to the next meeting of the council, or board of directors in the case of a municipal entity and include as a note the annual financial statements.*
- 3) The mayoral fund is being monitored by the SCM unit because this fund is a balance sheet vote:*

#### 4) Housing Payment Control:

<b>Aug-24</b>						
2	Ithuba Industries	15 Aug 2024		R 750 000,00	The bulk water supply pipeline of Goedverwacht was damaged during the stormy rain and Bergrivier Municipality requested assistance from Department of Local Government for flood damage repairs. The timeline did not allow for a formal tender process as this was emergency repair works.	Water Distribution
<b>Sep-24</b>						
3	Ithuba Protection Services	26 Sept 2024		REJECTED	A threat was made on the life of some municipal Councillors. As a result, the Municipality is obliged to take every step to ensure the safety of these Councillors. In order to render this kind of protection, armed security guards must be appointed to protect the officials and their families. Bergrivier Municipality has a current tender for the rendering of security services, but it does not make provision for armed security guards, since it was not part of the specifications. The Municipality obtained quotes from the current service provider, but their quote was not the cheapest and therefore we will use the cheapest quote to receive value for money. Both Suppliers are on the level 1 for BBBEE. The service is urgently needed and a service provider must be appointed immediately. Therefore the normal procurement process cannot be followed, but we tried to obtain the three quotes. Threat received on 6 September 2024 and reported to SAPS on the same date. Threat discussed with SAPS in a meeting on 6 September 2024. SAPS undertook to do threat analysis. Up to date no feedback was received from SAPS.	Holiday Resorts / Sportsgrounds

<b>Feb-25</b>						
5	Conlog Pty Ltd	25 Feb 2025	R 34 442,50		During the move of the Municipal Stores from Technical Services to the Finance Department it was found that a lot of the Conlog Prepayment Electricity Meters was incomplete. In the past the stores personnel gave out keypads that was dedicated to a prepayment electricity meter. As a result, we have a lot of prepayment meters in the Municipal Stores that cannot be used, because there is not enough keypads available. To use the meters, we need to procure the specific keypad for the meter. Conlog Pty Ltd is the manufacturer and sole supplier of the CIU (X) product.	Finance
<b>Mar-25</b>						
6	Baymont Cape Projects	24 Mrt 2025		R 854 285,56	On 26 February 2025 Velddrif electrical staff was call out to Amawandle Visserye because their municipal supply was off. Staff found that two medium voltage ring switches were activated and the supply was off. The fuses was replaced and the supply was switched on again, but after the fisheries was placed on municipal supply for a whole day the ring switches switched of again. Staff then found that the measuring unit packed up. Temporary repair was done for the municipal supply but the fisheries currently receive unmetered supply. Amawandle Visserye is the biggest municipal user and it is critical to replace the ring switches and the measuring unit.	Water Distribution
<b>Apr-25</b>						
7	Fulcrum Technologies	10 April 2024	R 16 330,00		During the 2023/2024 financial year we received three quotations for the repair /upgrade of Velddrif Vehicle Testing Station. Fulcrum Technologies was successful with their quotation. Bergrivier Municipality bought the equipment and the Fulcrum PLC software from Fulcrum Technologies. Permission are hereby requested to make use of Fulcrum Technologies to do the system software maintenance and calibration at Bergrivier Municipality vehicle testing station at Velddrif	Traffic Services

## 8. Disposal

The system of disposal management must ensure the following: -

- Immovable property is sold only at market related prices except when the public interest or the plight of a poor demand otherwise,
- Movable assets are sold either by way of written quotations, a competitive bidding process, auction or at market related prices, whichever is the most advantageous,
- Immovable property is let at a market related rate except when the public interest or the plight of the poor demand otherwise,
- All fees, charges, rates, tariffs, scales of fees or other charges relating to the letting of immovable property are annually reviewed,
- Where assets are traded in for other assets, the highest possible trade-in price is negotiated.
- The asset disposal committee was established, and part of the Committee are the following members:
  - Hendri van Niekerk.
  - Urlston van Wyk.
  - Terry-Anne Wessels; and
  - Cavin Cornelissen.

The asset team attended barcoding during the month of June 2025.

The focus of the assets team was Bergrivier as a whole, attending to assets that need to be barcoded.

Assets to be auctioned storeroom are completed in Piketberg

## The asset team attended verification during the month of June 2025.

E-mails have been sent to the Officials responsible and Directors where assets are still outstanding, with poor response back.

## 10. Service level agreements.

According to Section 21A of the Municipal Systems Act the Accounting Officer of a Municipality must place all service level agreements on the Municipal website. Each department is responsible for ensuring that all signed Service Level Agreements are on the Collaborator/Phoenix Vesta system. Each Department must also have a hard copy of each contract applicable to their department.

### BERGRIVIER MUNICIPALITY SERVICE LEVEL AGREEMENTS - FINANCE DEPARTMENT FOR 2023-2024

## 11. Insurance claims

As per Annexure “C” the following insurance claims to report on for the month of June 2025 with pictures are attached.

## 12. Bid committee system.

A Bid Committee system for competitive bids is fully operational. It comprises of the Bid Specifications, Bid Evaluation and Bid Adjudication Committees. The Committees meet regularly. The Accounting Officer appoints members of each committee considering Section 117 of the MFMA.

As indicated below the Committee can see that the User Departments take too long to finalize the evaluations.

The tender register is attached as Annexure B and the adjudication minutes are attached as Annexure “D”

## 13. Appeals / objections by aggrieved.

Paragraph 49 of the Municipal Supply Chain Management Regulations allows the aggrieved bidders the opportunity to lodge objections (with proper motivation) against the decision(s) taken by the Bid Adjudication Committee, within 14 days from the date of notification thereof.

Alternatively, should they wish to lodge an appeal in terms of Section 62 of the Local Government: Municipal Systems Act 2000 (Act 32 of 2000) against the award of the tender, such an appeal is to be lodged within 21 days from the date of this notification?

One objection for February 2025 is still under investigation. Adv. Helen Venter is assisting with the case.

## 14. Legislative compliance

Local government: Municipal Finance Management Act (Act 56 of 2003).

Supply Chain Management Regulations.

Supply Chain Management Policy: Bergrivier Municipality.

Preferential Procurement Regulation, 2022; and all other relevant legislation, National Treasury Guidelines and Circulars. The Bergrivier Municipality has no Public Private Partners (PPP's).

**The Expenditure and Supply Chain Management unit hereby confirms that all statutory payments are made within 30 days. The Eskom and water board accounts are paid up to date.**

## 15. SDBIP and other reportable matters

Reports are submitted to the CFO monthly.

The SCM unit is under strain due to other compliance matters implemented without additional resources, for example, the monitoring and capturing of the performance of suppliers and the maintenance of the procurement plan, changes on the PPPFA and MFMA regulations.

**There is a lack of commitment from User departments to submit performance reports regularly.**

- All bowsers for stores have been received and fleet cards has been issued except for Velddrif, Awaiting card.
- All fuel refilled in bowsers is Journalized into inventory and when dispensed booked out against the user's expenditure vote number.

## Call outs:

- Herewith I would like to report that Stores personnel are not on standby or getting paid overtime. User departments are supposed to keep their own Sub Stores for instances of emergencies. This is not being implemented in Bergrivier. Stores personnel are getting called out for emergency work more regularly now.
- The table below shows the call outs, which were reported to me as and when it occurred. I am of the view there might be more instances where Stores personnel were called out, but that are not reported here.

## June 2025

- It is recommended that the Manager: SCM & Expenditure applies for stand by cellphones for the three Stores in Bergrivier. Currently officials are being contacted on their personal cellphones for official purposes. Furthermore, if Stores personnel are requested to perform duties after hours they must be placed on standby. It poses a significant risk to the municipality if an injury occurs while the Stores personnel are not acting in an official or authorized capacity.

### Redundant and Obsolete Stock Items:

- Incomplete parts have been identified in the Municipal Stores and cannot be used in the event of a service interruption. These items are Obsolete and will be removed from stock. A register of all Obsolete items is to be Journalized and Submitted to Head: SCM & Assets to be written out of stock and transported to the disposals department.
- There items will be Stored in the Asset Disposal Stores for Safekeeping until an Auction is scheduled.

### General:

- Access control has been limited to only Stores and Assets Personnel.
- Multi-Skilling plan for all Stores personnel is in place with Stock procedure drafted and submitted to Head.
- Electronic Requisitions have been extensively tested and are being implemented:
- Stock Procedure for Bergrivier Municipality has been amended and submitted to Head: SCM & Assets for Approval.
