## PART 1 - ADJUSTMENTS BUDGET

## Mayor's report

The 2015/2016 MTREF was approved by Council on 29 May 2015 in accordance with Section 24(1) of the Local Government: Municipal Finance Management Act, 2003(Act 56 of 2003).

Section 72 of the MFMA stipulates that the Accounting Officer must by 25 January assess the performance of the municipality during the first half of the financial year and as part of the review; make recommendations as to whether an adjustments budget is necessary and revised projections for revenue and expenditure.

The Mid-year budget review report was accepted by the Executive Mayoral Committee 25 January 2016 and approved by Council on 26 January 2016 and indicated the necessity for tabling an Adjustments Budget for the 2015/2016 financial year.

In terms of section 28 of the MFMA a municipality may revise an approved annual budget through an adjustments budget. Only the Mayor may table an adjustments budget in the municipal council and it may only be tabled within prescribed limitations as to timing or frequency. In terms of the Municipal Budget and Reporting Regulations, only one adjustment budget may be tabled in Council during the financial year, after the mid-year budget and performance assessment, but not later than 28 February.

The Adjustments Budget does not shift the priorities and overall direction of the current budget; it merely allows us scope to accelerate or decelerate certain programs.

### 1.1 Reasons for the adjustments budget

### 1.1.1 Multi-year funds shifting in relation to the capital program

No multi-year funds will be shift in the capital program.

### 1.1.2 Allocations and grant adjustments

No additional grants were allocated to Bergrivier Municipality in the National and Provincial Government Adjustments Budgets.

### 1.1.3 Appropriate additional revenues that have become available

The mid-year budget and performance assessment determined that additional revenue will be available for appropriation during 2015/2016 from service charges and interest earned. These will be appropriated to revise or accelerate spending programs already budgeted for.
Table B4 (Adjustments Budget Financial Performance revenue and expenditure)' shows that the own revenue from service charges are to be adjusted upwards. Expenditure adjustments will increase by R30 616 million. The accounting treatment of the construction of low-cost housing represents R28 316716 of this amount. The largest cash-related expenditure items to be adjusted are other expenditure and debt impairment. Details of these adjustments are contained in Table B4 (Adjustments Budget Financial Performance revenue and expenditure).

### 1.1.4 Correction of errors in the annual budget

There were no other known errors in the annual budget.

### 1.2 Recommendation to council regarding the Adjustments Budget

Taking into consideration the reasons listed in paragraph 1.1, it is recommended that Council approves the adjustments budget.

### 1.3 Recommendation to council regarding the SDBIP

Taking into account the impact that the adjustments budget will have on the SDBIP, it is recommended that the SDBIP be reviewed with directorates where applicable, approved by the Executive Mayor and submitted to Council for noting at the next Council meeting.

## PART 2 - SUPPORTING DOCUMENTATION

## Adjustments to budget assumptions

There are no changes to the budget assumptions proposed in the adjustments budget.

## Adjustments to the budget funding

In terms of Section 18 of the MFMA an annual budget may only be funded from realistic anticipated revenues to be collected, cash-backed accumulated funds from previous year's surpluses and borrowed funds for funding of the capital budget. Furthermore the revenue projections must be realistic taking into account projected revenue for the current year and actual revenue collected in the previous financial year.

The following table indicates the breakdown of the Capital budget per funding source ensuring that the adjustments budget remains funded:
