BUDGET APPROVED BY COUNCIL FOR 2025-2026

"Sustainability and good governance were the main driving forces in attracting investor confidence in the Bergrivier Municipal Area".

These were the words of Alderman Ray van Rooy, Executive Mayor of Bergrivier Municipality, during a Council Meeting held in the Eendekuil Community Hall on Tuesday, 27 May 2025. This was the third time Bergrivier Municipality took its Council Meeting to the public in a community hall. The meeting was also live-streamed on YouTube.

Bergrivier Municipality's budget for the 2025-2026 financial year, totalling at just over R759 million, was approved by Council.

Van Rooy mentioned that sound management decision-making, nine (9) consecutive clean audits and a stable political landscape has been instrumental in ensuring effective governance, enhancing public trust, and enabling the Municipality to deliver on its strategic objectives.

Despite presenting a bright outlook ahead, Van Rooy, cautioned residents by mentioning that the Municipality's growing expenditure bill is proving to be a significant stumbling block for service delivery efforts.

"It's very difficult to address all the needs within our communities with the limited available resources that we have. It is for this reason that we've decided to invest in infrastructure, since it forms the backbone of service delivery and ensures that our communities function efficiently in the long-term," said Van Rooy.

The budget was drafted and aligned to the needs of the communities we serve, as documented in the approved Integrated Development Plan (2022-2027). ***See page 3 for more details regarding the approved budget***.

The approved budget consists of the following:

- Capital Budget of R96,547 million; and
- Operational Budget of R663,115 million.

Van Rooy indicated that in order to fund this budget, increasing tariff charges were unavoidable, but it was done responsibly after much deliberation.

Tariff increases which will take effect as from 1 July 2025:
Water increases by 5.5%;
Electricity increases by 13.95% (subject to NERSA's approval);
Refuse removal increases by 5.5%;
Sewerage increases by 5.5%; and
Property Rates increases by 5.5%.

"The largest portion of our capital budget for the 2025-2026 financial year will go towards improving our infrastructure responsible for water and electricity. It's fundamental that we invest in our infrastructure for future development, investor confidence and service delivery, especially in the Velddrif, Noordhoek, Eendekuil and Redelinghuys areas," said Van Rooy.

During his budget speech, Van Rooy highlighted that, as from 1 July 2025, all residents receiving indigent subsidies will receive a 100% rebate on their property taxes until June 2026.

Additionally, Van Rooy mentioned that Council recently wrote off millions in debt owed to the Municipality, and implemented stronger credit control measures to recover outstanding funds, however, these measures have impacted some residents negatively. "It's important that residents who are able to pay their municipal accounts, to do so. We need every cent to deliver effective services in our communities, and we cannot do that without all account holders paying on time," he said.

The Municipality will, however, continue to support the vulnerable within the communities through the implementation of indigent subsidies to qualifying households, which will receive a support package consisting of 50 free electricity units, 6 kilolitres of free water and a 100% subsidised standard household refuse removal and sewerage tariff per month.

Van Rooy concluded his speech by thanking the Budget Steering Committee under the leadership of Councillor Daniels, the Municipal Manager, the Chief Financial Officer and the staff in the Strategic Services Department and Budget Office, Directors and other personnel who were involved in compiling the budget and related documents.

To view the full budget and other related documents, please visit the Municipality's official website at www.bergmun.org.za or contact 022 913 6000. We thank the public for their vested interest in the budget.

144 HUISE OORHANDIG AAN BEGUNSTIGDES IN BERGRIVIER

'249 HUISE MOET NOG OORHANDIG WORD' - SÊ BEHUISINGSEENHEID

Die Wes-Kaapse Regering (Departement van Infrastruktuur) in vennootskap met Bergrivier Munisipaliteit het op 28 Maart 2025 met trots die eerste 45 huise (20 begunstigdes in Piketberg en 25 begunstigdes in Porterville) aan begunstigdes van die Piketberg- en Porterville- behuisingsprojekte oorhandig. Hierdie oorhandiging is 'n belangrike mylpaal in die munisipaliteit se verbintenis tot die voorsiening van kwaliteit behuising en die verbetering van inwoners se lewens.

Tydens die oorhandigingseremonie het Uitvoerende Burgemeester, Raadsheer Ray van Rooy, aan alle begunstigdes verduidelik dat die huis aan hulle behoort en dat hulle eienaarskap daarvan moet neem. "Dit is julle dag - wees trots. Dit is die begin van 'n nuwe hoofstuk vir u en u gesin. Geniet julle huis," het Van Rooy, gesê.

Die Wes-Kaapse Minister van Infrastruktuur, Tertuis Simmers, het saam met Uitvoerende Burgemeester Ray van Rooy die sleutels persoonlik aan die nuwe huiseienaars oorhandig en die lint geknip vir van die oudste begunstigdes - 'n simboliese begin van 'n nuwe hoofstuk vir hierdie gesinne.

Minister Simmers het genoem dat hy baie trots is om hierdie oomblik saam met die begunstigdes te deel, wie lank gewag het om hul nuwe huis te ontvang. "Dankie dat u almal geduldig was en altyd geglo het dat hierdie dag sal kom. Hierdie is u dag - u is nou die eienaar van 'n splinter nuwe huis. Neem verantwoordelikheid vir u huis en kyk mooi daarna," het Simmers gesê.

Mev Trytjie Sampson (89), is die oudste begunstigde in Piketberg wat die sleutels tot haar nuwe huis ontvang het. Sampson het gesê sy is sprakeloos en het nie woorde om haar opgewondenheid te beskryf nie. "Ek is baie dankbaar en dank God dat Hy vir my hierdie huis gegee het. Ek gaan die hele dag skoonmaak en werk in my nuwe huis," het Sampson gesê.

Intussen is sowat 144 huise reeds oorhandig en 249 huise moet nog in die komende maande aan begunstigdes in Porterville, Piketberg en Eendekuil oorhandig word.

Baie dankie aan alle belanghebbendes, veral die Wes-Kaapse Departement van Infrastruktuur, vir hul bydrae om hierdie projek 'n werklikheid te maak.

PORTERVILLE ROCKED BY HEAVY RAINFALL AND FLOODING IN APRIL

Porterville experienced stormy weather and heavy rainfall on 8 April 2025, resulting in widespread flooding across the town - with the main road being particularly affected.

An estimated 130mm of rainfall was recorded within a single day (8 April 2025).

While no injuries were reported, damage to several private and public infrastructure were reported. Temporary road closures were also in place, which led to traffic interruptions, however, within a few hours all roads were declared safe to travel on.

The clean-up operations began soon after the heavy rainfall had subsided, and lasted for about 3 days.

Approximately 107 households were significantly affected by the flooding, causing damage to their properties and household goods. The Disaster Management personnel were on-site assisting affected residents throughout the town, to help salvage their belongings and to provide sandbags to block the constant stream of water entering their properties.

The Municipality extends its sincere gratitude to the community of Porterville for their patience, assistance and cooperation during the clean-up period, to restore normality in the town.

A special thanks to all stakeholders who contributed warm food, blankets, clothing and other items to provide relief to all the affected families.

WINTERSEISOEN: VOORKOMING VAN STORMWATERPROBLEME

Tydens die winterperiode ontvang die Munisipaliteit gewoonlik navrae van die publiek rakende stormwaterblokkasies, wat skade aan eiendomme veroorsaak:

Hier is hoe dit opgelos kan word:

- Indien u eiendom laer geleë is as dié van u buur, is dit waarskynlik dat stormwater tydens swaar reën vanaf die hoër geleë buur-eiendom na u eiendom sal vloei, solank die vloei van die stormwater natuurlik bly;
- Indien die eienaar van 'n eiendom stroom-op van u ('n buur) die natuurlike vloei van stormwater versteur, moet die saak spoedig tussen die eienaars aangespreek word;
- Stormwater kan op verskeie maniere veilig van hoër na laer geleë eiendomme gekanaliseer word, soos byvoorbeeld deur ondergrondse stormwaterpype of oop stormwaterkanale aan te bring (hierdie kanale moet gereeld skoongemaak word om blokkasies te voorkom);
- Indien daar 'n grensmuur tussen u en u buur opgerig is, maak seker dat die grensmuur nie die natuurlike vloei van water van die hoër na die laer geleë eiendom verhinder nie. Dit kan gedoen word deur 'n dreineringstelsel aan te bring of deur eenvoudig 'n paar openings in die grensmuur te maak om die natuurlike vloei van water te verseker.

Ons moedig alle inwoners aan om reënwater vanaf hul dakke na waterstoortenks en / of na die straat te lei deur middel van geute en pype, om watervloei-probleme te voorkom. Die belangrikste is om moontlike oplossings vir watervloei-kwessies met u buur te bespreek.

Open communication with your neighbour is key to resolving any stormwater concerns.

Borehole Water in Velddrif:

The Municipality has been informed by the West Coast District Health Office that traces of arsenic have been found in private borehole water in the Velddrif Area. It is recommended that all households that have access to borehole water and want to make use of it for human consumption should have the water tested. Contact Andre Petersen for more information at 022 783 1112.

COLLAB CITIZEN APP VELDTOG IN PIKETBERG 'N GROOT SUKSES

Bergrivier Munisipaliteit het onlangs 'n uiters suksesvolle, weeklange bewusmakingsveldtog vir die Collab Citizen App in Piketberg aangebied, waaraan 116 inwoners die Collab Citizen App afgelaai het. Die veldtog het gelei tot 'n merkwaardige toename in gebruikers wat hul munisipale rekeninge aan die app gekoppel het - van slegs 220 voor die veldtog tot 'n indrukwekkende 500 inwoners ná afloop daarvan. Die Munisipaliteit glo dat inwoners is besig om die waarde in hierdie tegnologie te sien, wat die lewe vir hulle 'n bietjie makliker sal maak. Ons dien met trots in Bergrivier Munisipaliteit!

VULLISVERSAMELING EN HERWINNINGSINISIATIEF IN PIKETBERG, NOORDHOEK EN PORTERVILLE

’n Span van sestien afval-ambassadeurs (Uitgebreide Openbare Werke-program) is besig met ’n omgewingsbewusmakingsveldtog in Piketberg (Wyk 4), Noordhoek (Wyk 6) en Porterville (Wyk 2). Die hoofdoel van hierdie inisiatief is om inwoners en gemeenskappe in te lig oor die belangrikheid van doeltreffende vullisverwydering, herwinning en volhoubare lewenspraktyke.

Die afval-ambassadeurs gaan van deur tot deur om inwoners in te lig oor die vullisverwyderingsdatums in hul dorp, die driesakstelsel, en volhoubare praktyke vir afvalbestuur.

Die ambassadeurs is maklik herkenbaar aan hul naamplaatjies en reflektorbaadjies. Ons moedig alle inwoners aan om hierdie belangrike omgewingsinisiatief te ondersteun en om die ambassadeurs toe te laat om hul werk te doen.

The Municipality launched an Easter Road Safety Awareness programme on Thursday, 17 April 2025, at the Total Petroport in Piketberg.

This programme, an initiative from Bergrivier Municipality's Office of the Executive Mayor, was launched in collaboration with the Total Petroport in Piketberg and West Coast District Municipality.

The aim of this programme was to create awareness amongst motorists regarding the rules of the road, dangers of speeding and encouraging drivers to rest every 2 hours.

“Arrive alive. Don’t rush on the roads. Please be extra patient this weekend and plan your trip with enough time to spare to reach your destination,” said Executive Mayor Alderman Ray Van Rooy.

"Dit is van kritiese belang om te verseker dat inisiatiewe van die munisipaliteit ooreenstem met die behoeftes en aspirasies van ons inwoners. Deur die gemeenskap in hierdie proses te betrek, streef Bergrivier Munisipaliteit daarna om gemeenskapsinsae in die GOP te inkorporeer, sodat dit 'n meer akkurate weërspieeling van plaaslike prioriteite kan wees," het Linde gesê.

TAKE ACTION AGAINST CLIMATE CHANGE

Climate change is a global phenomenon that largely has localised impacts. Scientific research suggests that when the world reaches a global warming level of 1.5°C, we need to be prepared for increasingly severe, interconnected and often irreversible impacts of climate change on ecosystems, biodiversity, and human systems.

REDUCE WASTE

Practice recycling and composting, and choose products with minimal packaging.

ADOPT SUSTAINABLE TRANSPORTATION

Walk, bike, carpool, or use public transportation to cut down on carbon emissions.

SUPPORT LOCAL AND SUSTAINABLE PRACTICES

Buy from local farmers and businesses that prioritise eco-friendly methods.

CONSERVE WATER AND ENERGY

Implement water-saving techniques and energy-efficient appliances to lower resource consumption.

Gelukkige VADERSDAG

Aan al die uitsonderlike vaders in die Bergrivier Munisipale Gebied, vandag staan ons stil om eer te bring aan die vaders wat met standvastigheid, liefde en wysheid 'n anker in hul huise en gemeenskappe is - dikwels sonder erkenning, maar altyd met oorgawe.

Van die vroeë oggende tot die laat nagte, dra u die bekommernisse van die hele gesin op u skouers. U bou, beskerm, lei en gee - nie net omdat dit verwag word nie, maar omdat u hart daar is. Wanneer ons val, is u daar om ons op te help. Wanneer ons slaag, is u eerste om saam te juig. U wys vir ons wat ware krag, nederigheid en verantwoordelikheid beteken.

U is meer as die hoof van die huis - u is die fondasie waarop ons gemeenskappe gebou is. Ons sê opreg dankie vir u opoffering, u volharding, en die beskermende hand wat u oor u kinders hou teen die gevare van die lewe. U voorbeeld leef voort in ons elke dag.

Mag hierdie dag gevul wees met liefde, rustigheid en waardering.

Vanaf die Uitvoerende Burgemeester Raadsheer Ray van Rooy en die hele Bergrivier Munisipale Familie.

Happy FATHER'S DAY

To all the exceptional fathers in the Bergrivier Municipal Area, today we pause to honour you who, with steadfast love, wisdom and strength, are an anchor in your home and community - often without recognition, but always with wholehearted dedication.

From the early mornings to the late nights, you carry the concerns of your entire family on your shoulders. You build, protect, and give - not because it is expected, but because it comes from your heart. When we stumble, you are there to lift us up. When we succeed, you are the first to celebrate with us. You show us what true strength, humility, and responsibility means.

You are more than the head of the household - you are the foundation upon which our communities are built. We sincerely thank you for your sacrifice, your perseverance, and the protective hand you hold over your children in the face of life's dangers. Your example lives on in each of us every day.

Happy Father's Day!
